SUMMARY

Motivated and adaptable individual with a track record of thriving in challenging environments, with a proven ability to excel under pressure and deliver high-quality work. Skilled in coding and programming, demonstrating a meticulous approach to problem-solving and a passion for creating innovative solutions. Possesses strong leadership qualities, effectively guiding teams to success and achieving project objectives.

EDUCATION

sipna college of engineering and technology
computer science - **CGPA - 8.1**

05 2021 – 06 2024
Amravati, Maharashtra

Narayanrao makde high school and jr college,yavatmal
Intermediate (HSC) - **Percentage - 62.0%**

2019 – 2020
Yavatmal, Maharashtra

COURSEWORK / SKILLS

- Data Structures & Algorithms
- Machine learning
- Data Science
- OOPS Concept
- Artificial Intelligence
- Data Analytics

PROJECTS

Project Name 📄 | **AI/ML BASED CAREER GUIDANCE WEBSITE**

12 2023

- Steered the project team through challenging scenarios, providing adept management and leadership.
- Utilized Python libraries (**NumPy, Pandas, Matplotlib**) for **data analysis, feature extraction, and visualization**.
- Ensured smooth project hosting on **000Webhost** and facilitated collaboration via **Django** integration.
- Employed diverse **ML models** for accurate predictions(**Enhanced precision from 82% to 91%**), using **Git** for efficient version control and team collaboration..
- [git source code](#)

Project Name 📄 | **SMS SPAM DETECTOR**

08 2023

- Developed a robust SMS spam detector using machine learning techniques.
- Employed data cleaning and preprocessing technologies to ensure dataset accuracy.

INTERNSHIP

yhills 📄

06 2023 – MM 2023

Data Science intern

- Developed expertise in problem-solving and troubleshooting through practical project implementations.
- Cultivated a deep understanding of software engineering principles and best practices.

TECHNICAL SKILLS

Languages: Python, C ,SQL
Developer Tools: Power BI(basic) , VS Code, Jupyter,
Technologies/Frameworks: Linux, GitHub, Git, django

EXTRACURRICULAR

- Completed **320+ DSA coding questions**, demonstrating strong commitment to professional growth and mastery of programming fundamentals.
- **SPORT COORDINATOR:** managed and supervised collegiate teams, ensuring their schedules are executed with utmost professionalism and efficiency in the collage Kridayan event.
- Participated in the online chess tournament held on chess.com with highest chess rating 1218

CERTIFICATIONS

- Supervised Machine Learning: Regression and Classification - Coursera
- the complete python - Udemy
- data structures and algorithms - Udemy
